DETAILED ACTION

Response to Amendment

1. Applicant's request for reconsideration of the finality of the rejection of the last Office Action, when taken together with the changes made to the language of the claims via the latest amendment, is persuasive and, therefore, the finality of that action is withdrawn.

2. Claims 1-20 were pending at the time of the previous Office Action in the case. Claims 1-4, 6-10, 12-16, and 18-20 have been cancelled by the latest amendment. Therefore claims 5, 11, and 17 are pending and have been examined.

Drawings

3. New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because the numbering of the items and lettering in figures 1 and 2 is hand drawn, informal, and not in compliance with 37 CFR 1.121(d). Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.
